

Important to Know

Daytime care is a weekday service aimed at senior citizens with or without disabilities.

During the daytime care, guests receive comprehensive social and nursing care and, of course, are also provided with three meals (breakfast, lunch, and afternoon coffee).

Our transportation service will take care of the round trip.

For people with a care level of at least 2, daytime care is a benefit of the nursing insurance that you can use in addition to and independently of other offers. The nursing care allowance and the budget for outpatient services (e.g. by a nursing service) are not reduced as a result.

If you are interested, we would be happy to offer you a free consultation on this service. You can also schedule a trial day. For more information, feel free to contact the municipal care for a consultation on 0521 513499.
